

Fredrick Hasler Jr Barn

This barn was built by Fredrick Hasler Jr and neighbor helpers before 1915. He drove his team and wagon up Snake Creek, and found red pine trees, fell them, then stripped the branches off, loaded them onto the wagon and half-dragged them down canyon to the Moroni Blood Sawmill. There they were cut into timbers and lumber. Then 'Fred' would load these back on the wagon and haul them down to his home to be erected into his barn. It was first shingled in 1918.

Mr Fredrick Hasler was born in Gsteigen, Bern, Switzerland in 1872, and came to America with his parents in early summer of 1873, living in Midway over 70 years by the time of his death in 1943. Emma Baumgartner Hasler became his wife in 1906. They had 8 children. (HBUM p 74l).

The barn housed two horses and on the west side, were spaces for 10 cow stalls for milk cows. It had an open lounging shed on the east side.

The barn had these successive owners: Fredrick Hasler. Lucille Hasler Watkins, Kyle Probst, Mr Lundin and Evan Probst

Informants: Ruby Hasler and Lucille Hasler Watkins of SLCU, Carl Buehler of Lehi Utah and HBUM.

Gentleman:

It is my pondered, serious and very candid opinion, that:

After: 18 years of growing up in this BELOVED STATE,
15 years of professional training in a strict discipline,
40 years of dignified, arduous, slaving, intense SERVICE,
Innumerable Continuing Education study hours,

That I, or any other such Medical Doctor, (sans Alzheimer's)

Has N-O-T earned the privilege of writing a few poultry prescriptions,
to support and relieve some burden from his OWN Family for a few
years??

Such an outrageous, dispicable, harsh, insulting LAW should immediately
Be stricken from Utah's very poorly Legislated Restrictions!!!!!!

Indeed, SINCERELY,

Robert Raymond Green,
Retired Medical Physician,
Insensed, Abashed,
Demeaned, Insulted and
Waiting for JUST RX!

INSTRUCTIONS FOR YOUR BOWEL PREPARATION WITH FLEET® PHOSPHO®-SODA

READ CAREFULLY - DO NOT EXCEED RECOMMENDED DOSAGE
AS SERIOUS SIDE EFFECTS MAY OCCUR.

Follow the steps for the Prep as listed below, or as prescribed by your physician on the back.
If you are taking medication (including aspirin or aspirin-containing products), consult your physician for additional instruction before beginning this procedure.

2 DAYS BEFORE EXAM:

Obtain 3 fl. oz. of Fleet Phospho-soda (Ginger-Lemon Flavor or Unflavored) from your physician or pharmacy. The recommended dosage is one (1) 3 fl. oz. bottle OR two (2) 1½ fl. oz. bottles of Fleet Phospho-soda. Do not exceed the recommended dosage given in these instructions, as serious side effects may occur.

DAY BEFORE EXAM:

Drink *only clear liquids* for breakfast, lunch, and dinner. Solid foods, milk or milk products are *not* allowed. *Clear liquids* include all of the following that are *not colored red or purple*: strained fruit juices without pulp (apple, white grape, lemonade), water, clear broth or bouillon, coffee or tea (without milk or nondairy creamer), Gatorade®, carbonated and noncarbonated soft drinks, Kool-Aide® (or other fruit flavored drinks), plain Jello® (without added fruit or toppings), and ice Popsicles®.

Prep Schedule

- ☐ Breakfast - have only *clear liquids*.
- ☐ Lunch - have only *clear liquids*.
- ☐ Dinner - have only *clear liquids*.
- ☐ 7:00 PM: Add 1½ fl. oz. (3 tablespoonfuls; use measuring spoons, not tableware) of Fleet Phospho-soda to one-half glass (4 fl. oz.) of cold *clear liquid* and drink. Follow immediately with 8 fl. oz. of *clear liquid*. Individual responses to laxatives vary. This prep often works within 30 minutes but may take as long as 3 hours. Remain close to toilet facilities as multiple bowel movements may occur.

Before midnight, drink at least three (3) additional glasses of *clear liquids*:

- ☐ Drink 8 fl. oz. of *clear liquids*.
- ☐ Drink 8 fl. oz. of *clear liquids*.
- ☐ Drink 8 fl. oz. of *clear liquids*.

Nothing to eat or drink after midnight.

DAY OF EXAM:

- ☐ **6:00 AM (OR 3 HOURS BEFORE YOU LEAVE FOR YOUR EXAM):** Add 1½ fl. oz. (3 tablespoonfuls, use measuring spoons, not tableware) of Fleet Phospho-soda to one-half glass (4 fl. oz.) of cold *clear liquid* and drink. Follow immediately with 8 fl. oz. of *clear liquid*. Reminder: remain close to toilet facilities.
